INTEREST IN COTTON GROWING

Prominent British Merchant Says
America Will Soon Want for
Home Use All Raised There.

Interest has been renewed in the cot-
ton growing experiments being con-
ducted in West Africa, through an in-
terview given by Sir Alfred Jones, a
prominent Liverpool, England, mer-
chant, who has been studying the pro-
duction of cotton for three years. He
declares that the United States will soon
want for home use all the cotton grown
there.

"About ten years ago," he said,
"America produced about 7,000,000
bales of cotton and Great Britain took
half of it. Now America produces
11,000,000 bales and Britain takes no
more than she did ten years ago. Then
the British Cotton Growing association
was started and the results of the asso-
ciation's work have been more satisfac-
tory than I anticipated. The whole of
the West African colonies and the West
Indies have been made to take a deep
interest in the question of raising cot-
ton and are working exceedingly well.
America may yet have to look to West
Africa for her cotton supply, because I
believe cotton will be produced more
cheaply in West Africa than in the
United States."

An Explanation.
According to one of the scientific jour-
nals more than 8,000,000 of the 13,500,000
people of Mexico do not work, says the
Chicago Record-Herald. No wonder
some of the Mexicans are opposed to hav-
ing Yankee ideas introduced into that
country.

WORM DESTROYER.
White's Cream Vermifuge, not only
kills worms, but removes the mucous and
slime, in which they build their nests;
it brings, and quickly, a healthy con-
dition of the body, where worms cannot
exist. 25c at People's drug store.

Free! Free!
We want all the people of Vinita to
meet us at Burns' and try the coffee
that is best by test, C. G. Gregg's
brand, of St. Louis. An expert dem-
onstrator will be there to explain how
it is made. Don't fail to see them—
three days only.

For mankind.

The 5-cent packet is enough for usual
accessions. The family bottle (60 cents)
contains a supply for a year. All
druggists sell them.

A Runaway Bicycle
Terminated with an ugly cut on the
leg of J. B. Orner, Franklin Grove, Ill.
It developed a stubborn ulcer unyielding
to doctors and remedies for four years.
Then a Bucklen's Arnica Salve cured it
just as good for burns, scalds, skin erup-
tions and piles. 25c at People's drug
store.

COURT WITNESS DEAD.

Taken Sick While Here and Only
Partially Recovered.

Dr. A. B. Temple, Tulsa, who was
taken sick at the Green hotel while
attending the Rose-Frisco damage
case here last month, died at Tulsa
last week. He recovered sufficiently
to proceed to his former home at Che-
topa and gaining strength rapidly he
went back to Tulsa and was again at-
tacked the first night. The remains
were conveyed to Chetopa for inter-
ment. Dr. Temple was a very es-
timable gentleman and well known
to many of Vinita's citizens.

Anxious Moments.
Some of the most anxious hours of a
mother's life are those when the little
ones of the household have the croup.
There is no other medicine so effective
in this terrible malady as Foley's Honey
and Tar. It is a household favorite for
throat and lung troubles, and as it con-
tains no opiates or other poisons, it can
be safely given. Sold by People's Drug
Store.

Gold in Wichita Mountains
C. H. Hallet returned from the
Wichita mountains last night where
he has a force of men engaged in
mining gold. He has purchased two
car loads of machinery at Kansas
City for use in his mines. He says a
car of ore taken from the Wichita
mines was sent to Denver and proved
to be paying ore. One claim a few
days ago sold for ten thousand dollars
cash.

A Choice Bunch.
Charley Kiddle has gone to Rock
creek to receive a bunch of white faced
heifers recently bargained for from
Badgett & Milford. No one in this
country will have a better stock of
cattle than these until they are
brought in—their equal is not here
now.

Not a Sick Day Since.
"I was taken severely sick with kid-
ney trouble. I tried all sorts of medi-
cine, but nothing relieved me. One
day I saw an ad. of your Electric Bitters
cures, none of which relieved me. One
and determined to try that. After tak-
ing a few doses I felt relieved, and soon
thereafter was entirely cured, and have
not seen a sick day since. Neighbors of
mine have been cured of rheumatism,
neuritis, liver and kidney troubles and
general debility." This is what B. P.
Bass of Fremont, N. C., writes. Only
